## Porta-temp 6500 Split Portable Air Conditioner - 6.5 kw

- Powerful split type unit with a 6.5 kilowatt total cooling capacity
- Quiet in operation
- Simple to install
- Operates in low temperatures
- Can have up to 25 metres extension of connecting line (supplied with 5m as standard)
- Strong steel casing and construction
- Operational in ambient temperatures up to 33C

### Technical Details

Cooling Capacity(Btu/hr)	22,179	
Cooling Capacity(kW)	6.5	
Current Consumption (amps)	12.5 (full load)	
Noise Level (dbA)	54	
Operating Range - Temperature (&deg;C)	8 - 35	
Power Requirement (ph/v/Hz)	1 / 230 / 50	
Dry Weight (kg) - Indoor Unit	119	
Dry Weight (kg) - Outdoor condenser Unit	20	
Dimensions (mm) - Indoor Unit	Height	1,240
	Width	850
	Depth	380
Dimensions (mm) - Outdoor condenser Unit	Height	520
	Width	560
	Depth	280
