

Air Conditioner Rental - Air Conditioner Installers - Air Conditioner Hire - Heater Hire

## **SumoWinter - Evaporative Air Cooler**

- Cools & humidifies the air
- Powerful 3 speed motor allows you to set required level of comfort
- 4 side wet pads increases the cooling effect area
- e-flow Technology (TM) keeps pads evenly wet resulting in more effective cooling
- Unique Water Shield (TM) plastic cap protects motor & pump from water humidity & water splashing
- Ice chamber: add ice for an extra cooling effect
- Dust filter net: captures particles to provide cleaner air
- Automatic swing vertical louvres provides wide distribution of air
- High impact thermo-plastic outer body casing increases durability
- Water level indicator
- Manual water drain system
- Humidity controls
- Environmentally friendly, provides low running costs.

### Technical Details

|                      |              |       |
|----------------------|--------------|-------|
| Air Flow (m3/hr)     | 5100 (max)   |       |
| Fan Speeds           | 3            |       |
| Noise Level (dbA)    | 68           |       |
| Tank Capacity (ltr)  | 51           |       |
| Voltage (ph-volt/Hz) | 1 / 240 / 50 |       |
| Dry Weight (kg)      | 12           |       |
| Dimensions (mm)      | Height       | 1,040 |
|                      | Width        | 647   |
|                      | Depth        | 475   |
